

## Special Purpose Private School ABOUT US:

For over fifty years, The Children's Center has been dedicated to providing specialized services to children with special needs and their families. Our inclusive early education offers special education, pediatric therapies, and specialized programs for children with autism spectrum disorder, mental health diagnoses, and other challenges.

We understand the importance of supporting caregivers and provide targeted case management, outpatient therapy, and support groups. Recently, we expanded to include a special purpose private school for kindergarten through third grade, meeting the needs of children not quite ready for the public school transition as recommended by their Individualized Education Plan (IEP) team

## WHY CHOOSE US?

An Assistant Administrator of Special Education (081) works directly with children as well as oversees educational technicians providing special education within the classroom in order to meet each child's goals and objectives outlined in their IEP.

Children will receive the highest quality programming with access to:

- Multidisciplinary Team Approach
  - Board Certified Behavioral Analyst
  - Licensed Clinical Social Workers
  - Occupational Therapists
  - Special Educators
  - Speech and Language Pathologists
- Curriculum
  - S.P.I.R.E-4th Edition
  - TouchMath
  - Handwriting Without Tears
- Additional Supports
  - Assistive Technology
  - Opportunity for Inclusive Experiences
  - Individualized Programming
  - Targeted Case Management
  - Specialized Instruction

## HOW TO REFER TO US:

If you think that your child or student may benefit from a placement in the special purpose private school program at the Children's Center, please:

- Contact our Intake Coordinator at (207)626-3497
- Make a referral at our website: [www.childrensctr.org](http://www.childrensctr.org)
